In addition to the player character performing the action, the game engine can also support a number of allies of different types. Your allies can contribute to the battle while also helping you see enemies that you cannot see. When a battle commences, you will encounter your allies that are controlled by the game engine, but only after receiving a certain amount of alerts from the game engine.

Gameplay ELDEN RING companion:

- Create your own Character In addition to customizing the appearance of your character, you can freely combine the weapons, armor, and magic that you equip. You can develop your character according to your play style, such as increasing your muscle strength to become a strong warrior, or mastering magic.
- An Epic Drama Born from a Myth A multilayered story told in fragments. An epic drama in which the various thoughts of the characters intersect in the Lands Between.
- Unique Online Play that Loosely Connects You to Others In addition to multiplayer, where you can directly connect with other players and travel together, the game supports a unique asynchronous online element that allows you to feel the presence of others.

## **What's new:**

**EBOOK THE ALCHEMIST.** Enter the fascinating world of alchemy and become a legendary alchemist. Develop your own techniques and strengthen your bond with your comrades, even as you fight on the battlefield and the vast empire.

There are many ways to play: conquer your opponents in Arcane Battles, slay monsters in Monster Battles, or play a fun story-driven Route Battle! We intend for the game to be highly challenging so there may be parts that require a great amount of stamina. But we also intend for the game to be greatly enjoyable so you can spend many hours in it!

**EBOOK THE ALCHEMIST'S CALLING MACHINE — "GAME' MODE.** A thought-provoking 3D interactive sound work in which the player wears headphones and takes control of a Snow White-like alchemist to explore a place that has become shrouded in a dream. Music by Tomoki Takagi. >

**Play ARK: Survival Evolved.** A new VR survival sandbox with up to four-player online co-op. You control one of a selection of dinosaurs, including "Eas" a 'ki-ru', and multi-faceted combat.

Get With The Times headliner on. This is what a half century of Dow picking has been, just about everything except the recent moves, and as a reminder of how the Dow has been the most powerful influence in the world. In the coming days the DJIA is expected to reach levels not seen in 24 years (since 1981, 1001 days). We should see a long bull market. Why? Because everything else is way down. Today's NY Times ran a good article by GuruFocus.com, he lists a number of high price to earnings (P/E) ratios among stocks and the DJIA is by far the cheapest one. The Federal Reserve, which recently raised rates for the second time in three months, was fully expected, but they voted down plans for more quantitative easing. When the Fed votes down a plan, they don't say, "the plan is opposed for political reasons." They just vote the plan down. Which means you can be sure, were it up to them, that QE3 would have been approved. The mainstream media continues

to downplay our current economic bubble. It is the biggest one since at least 1980. The only last time we saw these numbers and the very real possibility of a financial disaster on the scale of 1929, 1980 and 2007 was just before the 1980s. It looks like the timing of the economic cycle is shifting, and that is putting the market on the path to a decent bull market.
